(NEP—2020)

(4th Semester)

GEOGRAPHY (MAJOR/MINOR)

(Population and Settlement Geography)

Full Marks : 75

Time : 3 hours

The figures in the margin indicate full marks for the questions.

(SECTION : A—OBJECTIVE)

(*Marks* : 10)

Tick (✓) the correct answer in the brackets provided : 1×10=10

1. Population geography primarily deals with the
   (a) study of landforms ( )
   (b) study of population patterns, processes and spatial variations ( )
   (c) study of animal habitats ( )
   (d) study of climate change ( )
2. Which of the following regions has the highest population density?
   (a) Central Europe ( )
   (b) Central Africa ( )
   (c) South Asia ( )
   (d) Australian Outback ( )

3. Age composition of a population refers to

(a) number of males and females ( )

(b) number of people employed ( )

(c) number of migrants ( )

(d) distribution of population by age groups ( )

4. Which age group typically forms the largest part of the workforce?

(a) 0–14 years ( )

(b) 15–59 years ( )

(c) 60 years and above ( )

(d) None of the above ( )

5. Sex ratio is defined as the

(a) number of males per 1000 females ( )

(b) number of females per 1000 males ( )

(c) number of children per family ( )

(d) number of workers per household ( )

6. According to Malthusian theory, population grows

(a) exponentially ( )

(b) linearly ( )

(c) randomly ( )

(d) not at all ( )

7. Which stage of demographic transition is characterized by high birthrates and declining death rates?

(a) Stage 1 ( )

(b) Stage 2 ( )

(c) Stage 3 ( )

(d) Stage 4 ( )

8. Underpopulation occurs when

(a) population exceeds available resources ( )

(b) population growth is zero ( )

(c) population is less than what resources can support ( )

(d) None of the above ( )

9. A settlement that develops along a road, river or railway line is called

(a) linear settlement ( )

(b) cluster settlement ( )

(c) circular settlement ( )

(d) None of the above ( )

10. Which of the following criteria is used by the Census of India to classify a settlement as a town?

(a) Population of at least 5000 ( )

(b) At least 75% male working population in non-agricultural activities ( )

(c) Population density of at least 400 persons per sq. km ( )

(d) All of the above ( )

(SECTION : B—SHORT ANSWERS)

(*Marks* : 15)

Write notes on/Answer *five* of the following, taking at least *one* from each Unit : 3×5=15

UNIT—I

1. Factors that influence the growth of population

2. Define population density.

UNIT—II

3. Internal migration

4. Population pyramid

UNIT—III

5. Underpopulation

6. Concept of demographic transition

UNIT—IV

7. Urban fringe

8. Define census town.

(SECTION : C—DESCRIPTIVE)

(*Marks* : 50)

Answer *five* of the following questions, taking at least *one* from each Unit : 10×5=50

UNIT—I

1. Discuss the nature and scope of population geography. 10

2. Discuss the distributional pattern of world population. 10

UNIT—II

3. What is migration? Explain in detail the types and determinants of migration. 2+8=10

4. Write the meaning of workforce composition. Discuss the different types of occupation by sector. 2+8=10

UNIT—III

5. Explain the Malthus theory of population growth. 10

6. Define overpopulation. Briefly discuss absolute and relative over-population. 10

UNIT—IV

7. Discuss the types and pattern of rural settlement. 5+5=10

8. What is satellite town? Discuss the important features of satellite town. 2+8=10

★★★
